

APPENDIX 2

SELECTED REFERENCES

This is a guide to typical papers that report research results, rather than a survey of individual topics. There is no substitute for the critical reading of original papers to gain an understanding of the methods used, the results, and their interpretation.

INTRODUCTION

Anderson (1925), Barton (1950), Beadle (1932c), Benzer (1955), Green and Green (1949), McClintock (1934), Randolph (1941), Weinstein (1936, 1958).

DEFICIENCIES AND DUPLICATIONS

Demerec (1936), McClintock (1931, 1941a, 1944), Mackensen (1935), Rhoades (1951), Stadler (1933), Sturtevant (1928).

INVERSIONS

Dobzhansky and Epling (1944), Dobzhansky (1950), McClintock (1938), Morgan (1950), Novitski (1951), Schultz and Redfield (1951), Sturtevant and Beadle (1936).

INTERCHANGES

Anderson (1952), Anderson and Randolph (1945), Belling (1925), Brown (1940), Burnham (1930), Glass (1935), Gopinath and Burnham (1956), Hanson (1952), Kramer and Blander (1961), McClintock (1931a), Roman and Ullstrup (1952).

OENOTHERA

Cleland (1940), Cleland and Blakeslee (1931), Darlington (1931a), Emerson and Sturtevant (1931), Hiorth (1948), Renner (1946), Steiner (1956), Sturtevant (1926a).

ANEUPLOIDY

Blakeslee (1927, 1934, 1941a), Bridges (1916), Darlington (1939), Goodspeed and Avery (1939), McClintock (1933), McClintock and Hill (1933), Ramage (1960), Rhoades (1933, 1940), Rick and Barton (1954), Tsuchiya (1958).

AUTOPOLYPLOIDY

Blakeslee (1921), Blakeslee, Belling and Farnham (1923), Brix and Quadt (1953), Catcheside (1956), Fisher (1947), Gates (1957), Hougas and Peloquin (1958), Mather (1936), Nordenskiöld (1953), Randolph (1935).

ALLOPOLYPLOIDY

Clausen (1941), Clausen and Cameron (1944), Harland (1935, 1936), Lammerts (1934, 1934a), Matsumura (1952), Okamoto (1962), Riley (1958), Sears (1953), Winge (1917).

APPLICATIONS

Anderson (1952, 1956), Blakeslee (1939), Blakeslee, Bergner and Avery (1933, 1936), Clement and Stanford (1961), Hougas and Peloquin (1958), Chase (1952a), Gopinath and Burnham (1956), Sears (1956).

SEX DETERMINATION

Allen (1940), Beadle (1932b), Bridges (1925a), Chittenden (1927), Duvick (1956), Goldschmidt (1931), Hofmeyr (1938a), Murray (1940), Pipkin (1959), Warmke (1946), Westergaard (1946), Whiting (1943).

APOMIXIS

Brown and Emery (1958), Burton (1956), Burton and Forbes (1960), Powers and Rollins (1945), Rollins and Catcheside (1951), Snyder et al. (1955).
