Connecting to the MaizeGDB Web & Conference Call

Please Note! If the conference systems fails or crashes after starting, please hang up your telephone and close your web browser. Wait 5 minutes then attempt to re-connect. This will allow us a few minutes to get the conference restarted. We do not host this system and consequently are at the will of those that do.

Please note that the web conferencing system works well with IE, Chrome and FireFox, please do not use Safari.

Step 1. Connect to AT&T Connect web conference with a Windows or Mac PC go to:

http://goo.gl/WCPtz

Enter your first and last name, email address then click Join

Step 2. Connect to the teleconference.

Dial In
